## News Release

**Today's Date:** July 19, 2016

**District 7:** Los Angeles & Ventura counties

**Contact:** Patrick Chandler

**Phone:** 213-897-3630

## FOR IMMEDIATE RELEASE

### Late Night Lane Closures on Ventura Freeway (US 101) for Pavement Rehabilitation

**LOS ANGELES** – The California Department of Transportation (Caltrans) will reduce lanes and close ramps on north- and southbound US 101 to install pre-cast concrete slabs, repave lanes, install new guardrail, and hardscape Tuesday, July 19 to Saturday, July 23, 10 p.m. to 6 a.m. Motorists should **expect delays** and consider alternate routes.

Lane, connector, and ramp closures will occur at the following locations:

#### **Tuesday, July 19 – Saturday, July 23, 10 p.m. - 6 a.m.**

- Up to three lanes closed on northbound US 101, from I-405 to Reseda Boulevard
- Northbound I-405 connector to US 101
- Up to two lanes closed on southbound US 101, from Parkway Calabasas to De Soto Avenue

The pavement on north- and southbound US 101, connectors, and ramps will be rehabilitated by using rubberized hot mix asphalt, Portland concrete cement, and pre-cast concrete slabs. The existing metal beam guardrail (metal and wood barriers) will also be replaced to enhance safety.

This \$62 million contract was awarded to Myers and Sons Construction, LP of Sacramento, California. The project is funded by the State Highway Operation and Protection Program (SHOPP). The project is expected to finish in fall 2016.

**Remember to Be Work Zone Alert.** The CHP will be on duty.
